

New Year Plant Hunt

How many wild/naturalised species can you find in bloom in three hours over the New Year holiday?

- ❖ Easy-to-use [online form](#) for submitting your records
- ❖ Support Team to help you: nyplanthunt@bsbi.org
- ❖ [Incoming records](#) generate red markers on an interactive map
- ❖ We analyse all your records to draw out some trends
- ❖ [Analysis](#) and [press release](#) published online late January

Your records are helping us build up a clearer picture of how British & Irish wild plants are responding to changes in autumn & winter weather patterns.

	2014	2015	2016	2017	2018	2019	2020
Number of lists	51	143	432	460	612	712	798
Number of records	1,173	2,893	9,160	7,123	9,907	14,193	14,880
Total number of species seen	224	366	611	492	532	627	615
% of native species	60%	56%	51%	54%	55%	52%	64%
Number of participants	c200	c300	405	416	>800	1,471	1,714

Here's how you can take part in 2021:

Go out plant-hunting with family, friends or on your own BUT...

... do make sure that you follow local [restrictions around Covid-19!](#)

Record for any three hours between 1st-4th January 2021

Submit your records online: nyph.bsbi.org/sendfinds
