

Field Meetings

Walks lead by friendly experienced botanists around the country

Plant hunts

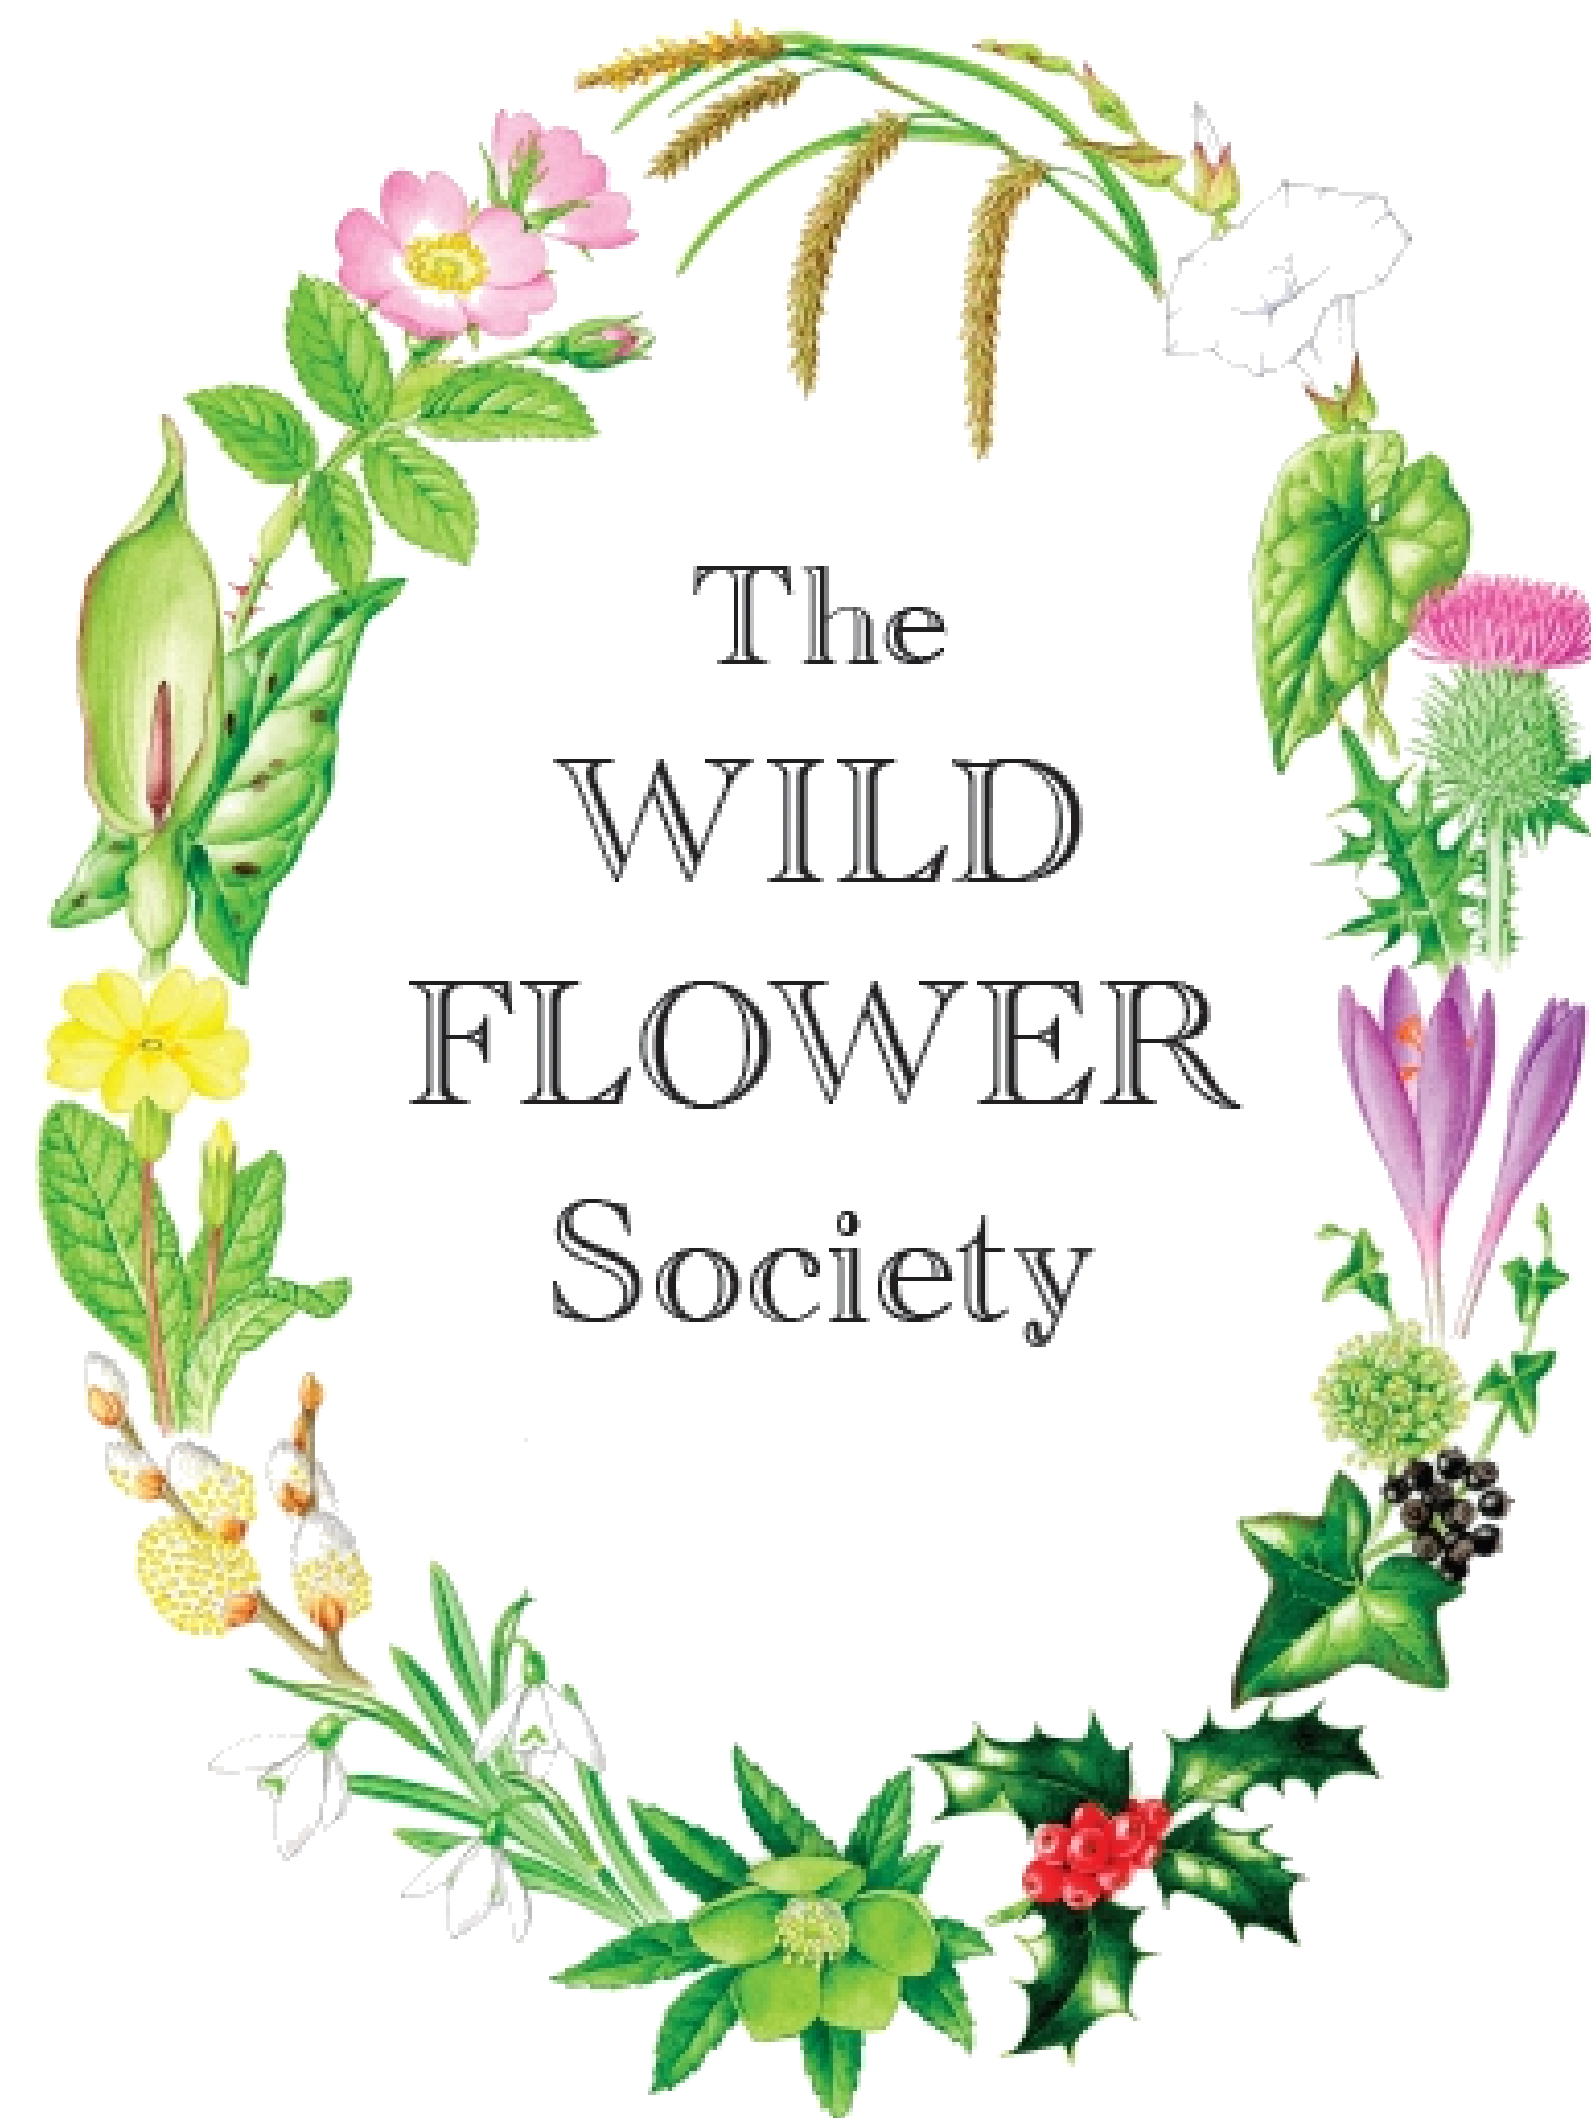

What plants can you find in the first week of Spring, the last week of Autumn, the winter months, or in one monad or 10km square?

Record books

A great learning tool: make a note of the plants you've seen, and receive helpful feedback and tips

Juniors

**Junior branch
Beginner's Diary
Earn badges and win prizes**

Photography

Annual photographic competition, and plenty of opportunities to photograph plants on field meetings

Magazine

Botanical articles, plant ID tips and reports on Society activities
